- AYLA, 12

This is why you show up
For 35 years, Kids Helpline has shown up for young people – every hour, every day. And for 35 years, your support has made that possible.

When you buy a **yourtown** Prize Home ticket, you're not just dreaming of a new home. You're helping a young person find someone to listen.

Every ticket creates a ripple – a moment of awareness that can become the reason a young person reaches out.

The need is growing
Right now, more young people are reaching out than ever before. **71% of contacts** come in the evening or on weekends – the times young people feel most alone – and our counsellors are struggling to answer them all.

Your support helps us be there in those moments.

24 July: Kids Helpline Day (24/7)
Kids Helpline is here anytime, for any reason. And on 24/7, we celebrate that promise.

This prize home draw is celebrating Kids Helpline Day. Buying a ticket in this special draw helps more young people discover that support is here for them – now and for the next 35 years.

When reach becomes reality
Awareness leads to courage. Courage leads to connection. And your support helps make that first moment possible.

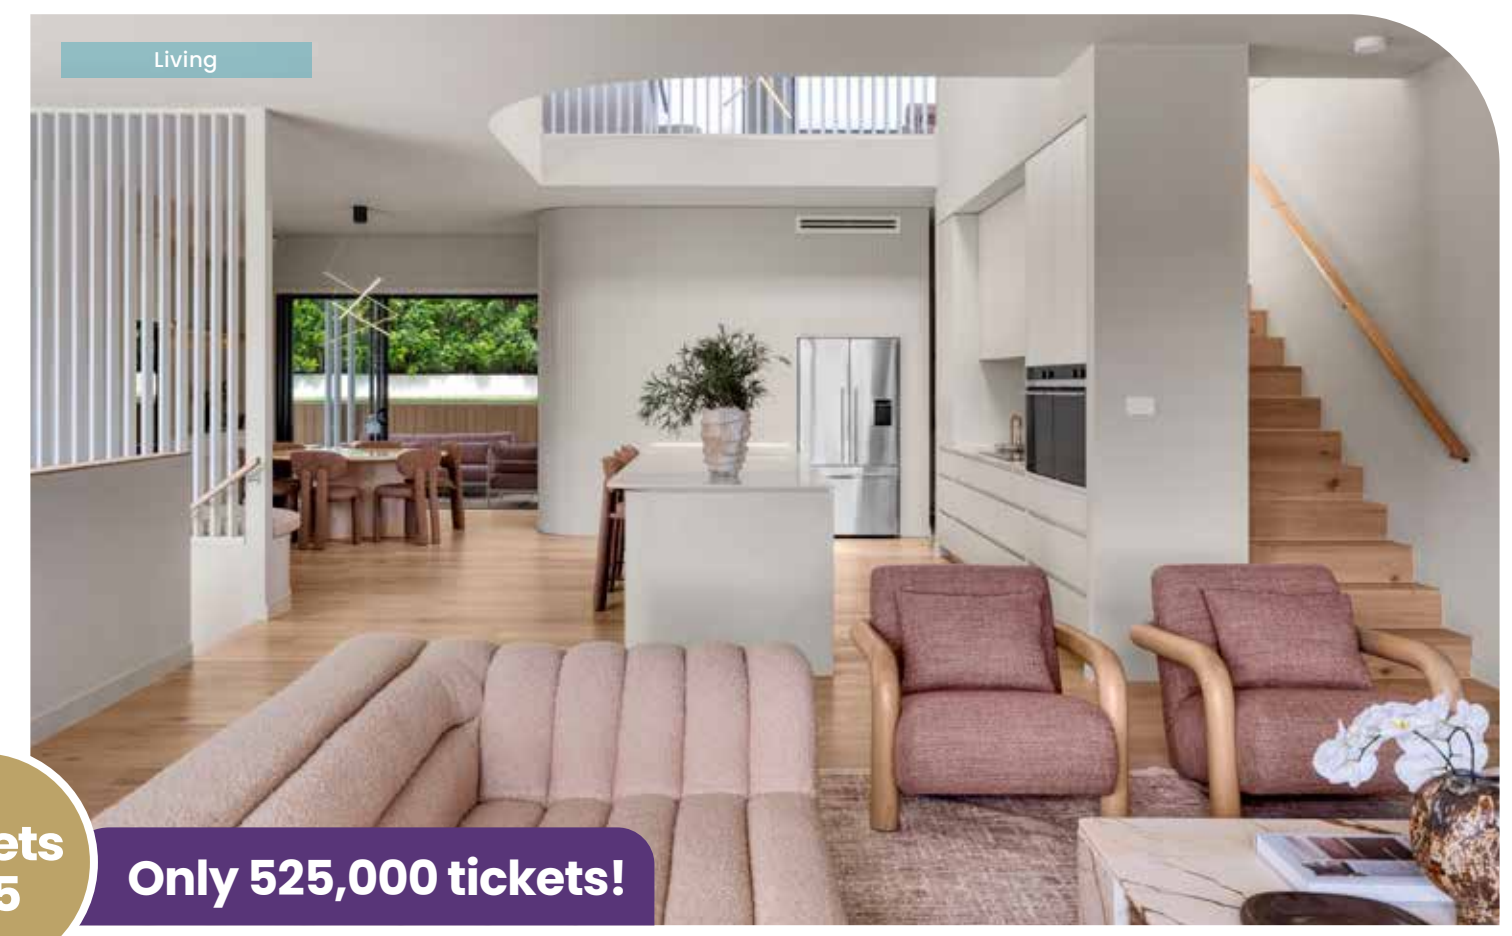

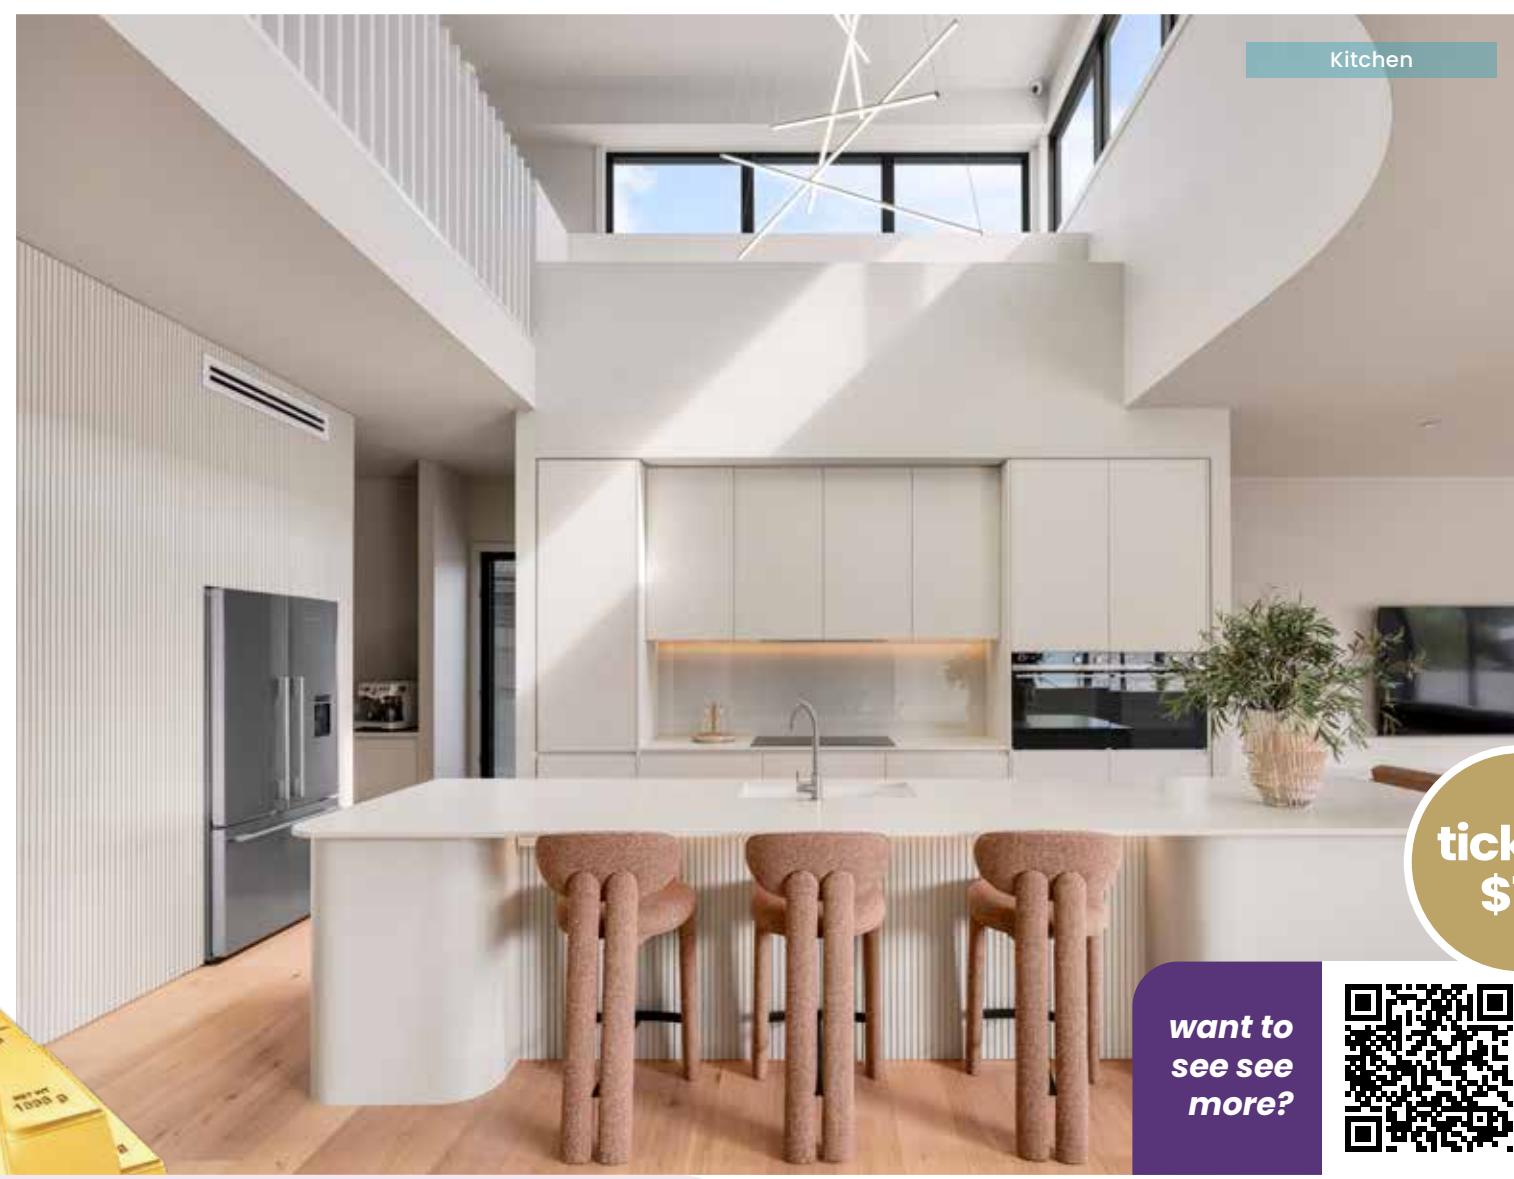

800 children and young people will try to contact Kids Helpline today.

you have the power to help answer their calls.

the safety net your help makes possible

There's a moment I often think about. It comes just before a young person reaches out to Kids Helpline: the moment they realise there's somewhere safe to turn.

That moment doesn't always come from us. More often, it comes from someone like you.

We often check in with you and ask why you buy your **yourtown** Prize Home tickets. Each time I read the responses, I'm struck by how thoughtful and generous our supporters are. But what stands out most is how strongly you believe that young people should never have to face tough moments alone.

Every time you share why you support Kids Helpline, you're helping more young people discover that we exist. It may feel small, but I've seen how powerful that moment can be.

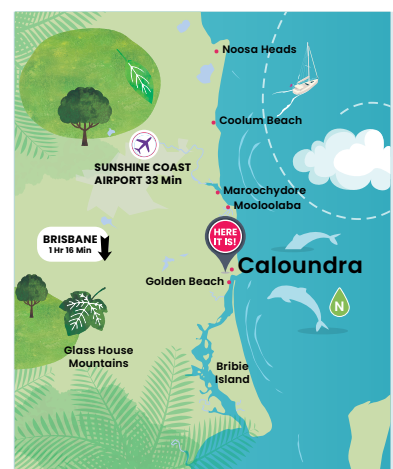

Because a young person can't ask for help if they don't know we're here.

When a young person reaches out, their head is often full of uncertainty. And then someone answers. That's the safety net your help makes possible.

Thank you for showing up for young people across Australia. Together, we can help make sure more young people know they're not alone, and that support is there when it matters most.
